To Whom It May Concern,

I am writing to express my support for Lee Fitzgerald. I have known Ms. Fitzgerald on a professional level for five years and have been extremely impressed with her work. In the past 3 yrs Ms. Fitzgerald brought in several clients through interventions. On every occasion, Ms. Fitzgerald went above and beyond to ensure the success of the client. She was also diligent in following through with family members, something that the clinical team was always appreciative of. In addition to being dependable and professional, it is clear that Ms. Fitzgerald truly cares about the people she is helping and for this reason, it is my pleasure to write this letter of support.

Sincerely,

Heather Edney
